Ripped Signature

Proof

This is proof that one is ripped.
If you look at the others, every part of each signature is awesome except the text.

It is just coloured text slapped on.

Do not request graphics from him.

Yeah, me and a couple of friends noticed this a while ago as he applied for the Graphic Masters.
It's not the only image he ripped though.

If I saw someone doing a free graphics service and taking my tags/signatures I'd be pissed and I'm sure others would be to.
It's called 'ripping'. Especially when he adds his name on them.

.Blank - *March 22, 2012, 1:11 am*
It's not ok when he claims it as his own.

?

That frsh one he might have made ?

Theres a tutorial thats word for word on how to do it, so even though its not original it could be his.
But I still don't think he should claim these as his own, seems like hes just trying to get liked by doing these.

All he did was add crappy text.

Cody - *March 22, 2012, 3:21 am*
I hate when people do that, it's stupid it only takes a few minutes to actually do the work if you read a tutorial it isn't that hard.

Coffee - *March 22, 2012, 3:24 am*
