Thread: How can i make password cracker here...

rAtoN - *August 2, 2011, 9:38 pm*
Hi I read this tutorial of
https://hackforums.net/showthread.php?tid=1138068

Password cracking
But there dont work
On taringa.net any idea?????
????

i think

You can post something here

taringa.net/login.php

SoulZeh - *August 2, 2011, 9:45 pm*
here is a link for you
https://hackforums.net/search.php sure helps alot of people

rAtoN - *August 2, 2011, 9:57 pm*
Lol i need to find taringa.net login system and what to post

SoulZeh - *August 2, 2011, 9:58 pm*
Are you new to programming in vb.net?

rAtoN - *August 2, 2011, 10:03 pm*
~ I code noobs thinks mailbomber filepumper i will start more harder things

SoulZeh - *August 2, 2011, 10:07 pm*
Well password crackers ain't that hard but dont copy/paste source code or you wont get nowhere go on and make it yourself

rAtoN - *August 2, 2011, 10:09 pm*
Yes but in taringa.net is not easy there is not posting method there is like cookie??
Any idea

SoulZeh - *August 2, 2011, 10:19 pm*
There is properly methods, there is methods for everything these days Just a little time on google,youtube and i think the best thing for to steal peoples passwords for a site like that is using a stealer or something

Try some of these things first:

https://hackforums.net/showthread.php?tid=1286261

Then move to more advanced stuff. Password crackers aren't hard to make, They just require time and know-how.

I need to know where is the login post method

SoulZeh - *August 2, 2011, 10:42 pm*

for the login post you need to know php to run through the Source code on the page
you need to learn php to find the login
