This is not enough proof and please use the correct template for a scam report.

1. Link to the scammers profile. This is to prevent confusion if a username change occurs.
2. Link to the thread in question if it exists where you may have been scammed.
3. Search Scam Reports area for any existing threads with the scammer. Search by username and also uid. If everyone adds the users profile then UID will be very effective.
4. Post any images/screenshots that you can provide as evidence of the scam. Best option is to use the spoiler tags for images.
