Thread: Iphone Game Dev

Poutine - *February 8, 2014, 12:22 pm*
I'll be paying thousands for a simple iphone ap devloped.

Let me know and send me your portfolio or smthg.

My idea is really simple

What do you have that you want to be developed? I can't do iPhone, but I can do android. Is it a game or an app?

Vexane - *February 8, 2014, 12:46 pm*
Can you PM me and give me a little more details, I am looking for experience with developing apps in Sprite Kit and I'd love to do this for you!

I'm looking for a game as simple as papi jump .
I'll be paying for HQ graphics.

I'll be paying for HQ graphics.
That's not really the developer's end, as he'll just incorporate the Graphics, unless he's also a designer.

Thats why i'm saying I'll be paying for HQ graphics too...

Applejuices - *February 8, 2014, 1:17 pm*
I can do the graphics if u want? Dont have good experience with apps

I'm looking for animated looking graphic .
I already have people im sorry dude

Applejuices - *February 8, 2014, 1:25 pm*
I can animate but if you already have people no prob

Send me your portfolio mister.
I'll take a look at it

Vexane - *February 8, 2014, 1:55 pm*
Can you please PM me with more details?
I would love to do this.
