If you have any similar service available for UK, I'll definitely use it!

Is there anyway you can do a bigger discount? Use this service a lot.

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley

Is this using other people's cracked instacart accs and their ccs?

Is this using any sort of fraud such as claiming order is not delivered?

Is this using any sort of fraud such as claiming order is not delivered?This is complete legitimate service and there are no frauds involved. No refunding or misleading any of my customer or instacart company
I have coupons of 25% discount varying between $25-$50 . So that means nowadays corona is there and people are unable to go out so I thought to sell this here and they can get the products that they order being delivered within few hours of order being placed and that too on discount
