Hey guys well, I'm getting into making these thread/sig things and hopefully you guys are liking them. I concentrate alot and try to perfect my result. Please give me, Feedback and tips on what i should add/remove to make look at best. I guess when you download it you can customize it as you wish, but for future preference that would be helpful.

Comment requesting DOWNLOAD or PM me.

Mate it's to big to be a signature, max dimensions are 650x200. I suggest re-sizing it or making a new one. Your current dimensions are 800x340.

oh right. Sorry about that i didn't know the dimensions in the first place. Ill re-size now

Done, The dimensions are right now, Looks better to doesn't look as bodged tbh
