Thread: Full RAt setup + FUD/UD Crypting + a spreading guide (not made by me)

Mike Bars - *October 20, 2012, 11:33 am*
hey guys i am doing a RAT/DDOS/Portforwarding setup. i can also crypt ur file and test it to make sure it works, then i can also provide you with a spreading guide not made by me so i am not sure how good it really is got it from uploadnsell.

i accept paypal the price for all of this is just $3 if you have questions or anything just comment or send me a PM.

How much would you want just to make my server FUD?
Pm me
