Very nice compilation , although sites like these don't have a high success rate :)

Wings of Redemption - *October 20, 2015, 3:18 pm*
I found most of my girlfriends on those sites. They always say their webcams don't work though.

Anyone gay ewhoring? I'm thinking about doing it. I wonder if there's extra concerns or dangers? I don't want to get attacked as a homophobe by a disgruntled customer!

What do you care, they shouldn't ever know the real you.
UNLESS you're using yourself.

I kinda can't. I have no penis. With female ewhoring, I can kinda get in that mindset. Gay men is another level.

Chicken Shack ? - *October 21, 2015, 5:27 pm*
Looking forward to this thread thanks for the sites!

Where? I literally hand made it.

Radical_ed - *October 21, 2015, 9:55 pm*
I might try the gay site, I feel like it'd be 1000x easier. Gay guys are a lot more ready to believe someone's looking for anonymous sex.

DarkAlly - *October 23, 2015, 5:54 pm*
Exactly. Men get suspicious when women do it but accept another guy is a rent boy so to speak lol.

WizardShiz - *May 29, 2016, 5:53 am*
