Thread: [FREE] Webhosting - PHP 5 / MySQL / NO ADS / 1000MB!

**Frankey** - *April 24, 2016, 2:22 pm*

FREE WEBHOSTING!

That's right, I found a website which will give you FREE webhosting!

We all know websites such as SPAM and Hostinger, they mostly suck or they are unstable. I found a company that offers stable free webhosting and I'm sharing it with you!

Features:Diskspace: 1000 MB

Datatransfer / month: 5 GB

No ads

PHP 5

MySQL

1 Email account

Web based email client

And more!

To receive the link to this company, feel free to post below. Do not PM me! PM'ing me will result in not receiving the link!

Got messaged by the website that I'm not allowed to share this website to anyone at Hackforums etc anymore. They do not want this kind of users on their servers. I'm sorry. Closing the thread.
