Well, it is a well written ebook, detailed, with some examples.
OP is really honest and in the thread he mentions that it will require some work. It is true, you will have to be patient and spend some time but in the end you will be really satisfied with the results. Despite that, you won't have to do anything difficult rather than just be patient and don't easily give up.
It is also important to know that this method doesn't involve doing surveys and such things.
This ebook is great if you have some extra time and will to earn money. It may be hard in the beginning but it gets so much easier latter. (Sep 12, 2016 09:28 AM)Dark Smile Wrote: *[CITE]* I got reviewed this Ebook. What Is first impressions?
Simple, no need for much work, no need to know anything about LOL, just some time to figure it out and make some deals and $$$ will come.
From start I think you can make stable earning daily 10-20$ and maybe after 15-30 days even double it, because you will have some extra money to invest in this method.

Important note is that you will get money! I read few ebooks monthly and this look like ok method for now and I belive it will work long time!
Also user looks legit ?

You didn't give to many details, like do you need to know how to play game, do you need some special knowledge etc...

If you decide to share more maybe will more people buy also... If you send me copy of that ebook I will write complete A-Z review that will for sure help you.
