I see this helping lot of members. But, to me, I have known of this method but it is semi-saturated. Anyone can do this, the most people will have trouble with is the talking. If you can get the talking down, you have the money in the bags.

Wrote : I received copy of the e-book, and it's easily understandable and extremely easy to follow. Design is plain simple, black on white. The method itself is kind of saturated but I am sure there are some people who may benefit from this eBook. My suggestion would be to lower the price a little bit. Good luck with sales man

Quote: RoyToy Wrote: I just read the Ebook, I think the method it has included is a pretty nice and standard method, the author provides all the details and links you'll need. I think It's very possible to make a nice amount of money using this method.
I was suggest that the price is lowered to $10 cause that would be the perfect price for this ebook in my honest opinion.

Hello! My name is Ravager and today I will be reviewing "E-whore 4 Begginers" I am in no way affiliated with the seller, this E-book is judged only by the quality of it's method, not by the quality of the user.

Method Quality 9/10. - This includes your standard E-whoring tips with a very unsaturated website. I recommend this to anyone looking to make $100-500 in a week. It's very easy to follow and no investment is REQUIRED, but it is advised. This method can also be used for the more experienced E-Whore. You should make $10 back insanely fast probably within the first hour.

Saturation Level 7/10. - I saw a FEW people on the website sponsored in the E-book doing E-whoring, but as of right now this is pretty unsaturated and you have a wide playing field!

Turnover Rate 10/10. - As listed earlier, you may have a full turnover in an hour or less!

Hat - G. - E-whoring is considered Grey-hat activity, this is no different. And t he method does not include blackmail or harassment.

Conclusion: All in all, if you are looking for a quick way to earn a few bucks, this is the E-book to go with. I estimate the method will only be unsaturated for around another 1-2 months or so, grab it while you can! For $10 this book is a gift
