Do you plan to get anymore $25 codes? I will buy 30.

Edit: Same with the $100 codes - if you can get more of EDU_ENG_FY2018_IC-Q4_1_100USD, I will take 30. No discount expected, will pay your price.

Yes. Basically you can redeem these codes in your AWS account and pay for any service like EC2, S3 etc from these credits.
