It's quite obvious that you care about rep and you're just looking for rep by doing pathetic $1 giveaways.

I have stated it in my first post that I am here for "posts" mostly not for reps and idgaf about reps lol I am not even active all day on this forums :)
But you can -rep me all you want idc lol.
People are happy and if it makes you happy I can see if I can talk to an admin to remove all my reps to Zero or ask members to remove them if its gonna chill your brain.
Its truly sad how people are now :)

Note: If I am truly after reps like you say, I wouldn't have been giving these normal members but anyway some people are just jealous :)

That's not going to happen.

If you didn't care you wouldn't have mentioned rep at all in this thread, but of course, you do. Why else would you giveaway $100 to a community you haven't even been here for a month?

Whether I mention it or no, you would have thought the same don't lie to yourself.
Look at my bitcoin address, I have made over 400+ BTC in the last year.
