Thread: 100 FREE PR0 - PR7 BACKLINKS | GSA | UNLIMITED KEYWORDS | FULL REPORT |

Mooncake - *February 14, 2014, 9:44 pm*

Hey guys, this is my next giveaway to the HF community. This time I am giving away back-links as the title says. This is what you get;

1. 100 FREE PR0 - PR7 back-links.
2. Use of an unlimited amount of keywords.
3. Full report including links + PR.

Details To Post

1. Website (One URL please)
2. Keywords (As I said...unlimited amount, don't separate them with commas)

I will either PM your report of post it publicly here. Please have patience when it comes to getting your links. ALL LINKS WILL BE DONE.

Software used - PM me to find out.
Engine = Indexer
Description = Submits your website by URL itself. This results in a direct link on there page. Even though it is a dynamic page, Google will find it anyway with some luck due to statistic scripts. This helps to index sites faster and might even result in a back-link seen from Google to your site.
Indexer used - PM me to find out.
Indexer rate - 595/LpM (For n00bs this just means your site will the links will be indexed within 24 hours.)

N.B. This is time consuming and I am subsidizing the cost of captha solving which is quite expensive. Please understand that this is my gift and my way of saying thank you to the HF community!
I will be doing more back-link giveaways like this soon using other engines. PM me if you would like to know more, or post here asking your question.
