Thread: [Ghetto Hacks and Non-computer hacks](#)

newbiehacker2009 - February 3, 2011, 8:48 pm

SO i am not sure if i have been looking in the wrong place or not but i have yet to find any tutorials on non computer related hacks. I am talking about like calculator hacks, vending machines, cameras, or just like funny ghetto hacks and fixes. So i was wanting to try to start a thread where people can post these types of hacks.

Here are a few cool RL Hacks i have stumbled across

Thanks for checking them out. Sorry this post is kinda just like a vomit of links.

I DO NOT take credit for anything i have posted none of it was made by me. i simple posted the links so don't give me shit for unoriginality. Im simply trying to participate more in the community.

Windows 7 was my idea - February 3, 2011, 8:49 pm

Lol @ the lego man one thats pretty funny. Thanks for the share.

newbiehacker2009 - February 3, 2011, 9:18 pm

Thanks :) Yeah the lego one was too good not to post. i wanted to psot more images but the links werent working right for some reason. ill try to make a better version later down the road though.
