kolby,
programme for someone frist .NET easy for Protection?

KingCobraXD - February 6, 2011, 2:31 pm

Looks like a secret of mines is beginning to spill..Anyways, it can be deobfuscated very easily..But
thnx for the share..

(?_?) **MaFia** - February 6, 2011, 2:31 pm

donmonk,
Thanks Man ?
KingCobraXD,

?

Yeap it's not his secret it's a public method . . .check at google articles! :D

KingCobraXD - February 7, 2011, 4:01 am

@ Meth & shadow

The obfuscator is not a secret of mines..something else related to the obfuscator..that's y i said BEGINNING to spill..

Meth - February 7, 2011, 4:10 am

No nothing related to it is. Its bable you have nothing to do with it. At All.
Just no

(?_?) **MaFia** - February 7, 2011, 3:01 pm

ByKemal, yes free.

shadow1992, u right is google

Meth - QnA, do not do that bad word ? must respect team hackforums ?
