Either paying RSGP or money via paypal, I refuse to go first.

They're cheap as fuck, I'd buy it myself but don't want to charge my phone.

I'll do this, I would have to buy it on your account with a CC. I will go first like you said unless there's way to buy pins online without going under your account?

All of that rep is being reviewed atm, it's repfuck/rep abuse.
