1. Link to the scammers profile. This is to prevent confusion if a username change occurs.

<https://hackforums.net/member.php?action=profile&uid=526511>

2. Link to the thread in question if it exists where you may have been scammed.

<https://hackforums.net/showthread.php?tid=1039246>

3. Search Scam Reports area for any existing threads with the scammer. Search by username and also uid. If everyone adds the users profile then UID will be very effective.

<https://hackforums.net/showthread.php?tid=954725>

4. Post any images/screenshots that you can provide as evidence of the scam. Best option is to use the spoiler tags for images.

I also have 1 hour of footage of the trade. The PMlogs and the thread is enough proof themselves. I managed to get 12m, convinced him I wouldn't make a report. Gave him rep etc. Then I removed it after.

RS Account he used to scam = greencrew

His real main account = raggnokk

Don't be an idiot like me. Deal smartly. >:]

All it takes it 1 legit scam report. People will not deal with you again. And Since you've admitted to scamming him in this post and the other post, you're fucked.

iolaka - February 6, 2011, 8:24 pm

"Runescape!" got owned. ?

Scamming is just low, really low ...

H??????a X™ - February 6, 2011, 8:26 pm

Good fight man, if you were an ub3r you might have gotten away with it. But since you're l33t, it's game over, the proof's everywhere.

FAR too many ub3rs get away with scamming on this forum, It's almost like they have a scammer version of Diplomatic immunity.

Kyuubi - February 6, 2011, 8:31 pm

It's mostly because they junk their threads after they scam the poor guy.

EricR - February 6, 2011, 8:32 pm

I am glad I didn't deal with this guy. No wonder he wanted to go first. I knew something seemed fishy about him.

intel 4004 - February 6, 2011, 8:34 pm

No one likes scammers. They ruin the community and the forums.

Well, he changed his username to la la get. Like that's going to change anything.

Kyuubi - February 7, 2011, 4:26 pm

This user is still scamming and making threads. He claims he's going to use MM which I'm guessing it's either him or someone he's made a deal with.

C00ty - February 8, 2011, 10:56 pm

Now he is known as Mr Rager. Look like he got some Ub3r to help his ass scam.
