Curious as to what everyone has, or if they have one at all.

I have two:

1) Treat others how you want to be treated.
2) Poor planning on your part does not constitute an emergency on my part.

Thanks! The second one is something I use especially in a work environment. Don't come to me when you were the one who waited till the last minute on something! Lol.

My favorite I use all the time -

Since Bruce Lee is my idol, I let him guide me.

"To hell with circumstances; I create opportunities."
"Every man today is the result of his thoughts yesterday."
"When you say that something is impossible, you have made it impossible."

"The only way to do great work is to love what you do." Steve Jobs

Sayings:
Every day is a new opportunity.
Make the most of every moment.
Believe in yourself and be the best version of yourself.

Mantras:
I am strong, healthy and wise.
I can achieve anything.
I have control over my thoughts.
