Thread: looking for people in the US and Canada

Nugs - *July 24, 2025, 2:17 pm*
I've got something that's been generating consistent results — no product, no outreach, no skills needed.

You just need:

A bit of focus

Decent timing

spare time when needed

This works internationally but I'm mainly looking for people in the US and Canada. It's not passive, but it's not complicated either.

Willing to show proof to anyone who's serious.

DM me for more info

Pretty vague topic, but I'll entertain this. Sending you a PM now for more info.
