After I waited about 5 days and I didn't have L33t, I went through his posts. I saw that many people had reported him for scamming. About 15 mins ago, he comes onto the steam account and pretends he's a 14 year old boy who bought the account from someone else. About 10 mins ago when I was taking screenshots, he changes his HF name to Gx620 as you can see in the screenshots. It'd be cool if this guy was banned. :3

Please use this format and a screenshot of the payment.

1. Link to the scammers profile. This is to prevent confusion if a username change occurs.
2. Link to the thread in question if it exists where you may have been scammed.
3. Search Scam Reports area for any existing threads with the scammer. Search by username and also uid. If everyone adds the users profile then UID will be very effective.
4. Post any images/screenshots that you can provide as evidence of the scam. Best option is to use the spoiler tags for images.
