If he's going to rip, at least do it on a different forum ._.;
Because people are soo going to believe him when the original is posted on the forum already.

No. Don't rip at all. Nowhere. Think about it.

Go to a store, steal someone's wallet. If you spend it at that store, it's not cool. But if you spend it at a different store it's okay. This is what your logic is saying.

It was a nice try. Completely failed though. Don't even try to rip. Impossible to get away with.
