Thanks WangYang, Appreciate it, happy hunting.

Monstah - February 9, 2011, 7:20 pm

get it reviewed and people might buy it

Transported - February 9, 2011, 7:20 pm

It is reviewed, look above, would you like to review?

Honest - February 9, 2011, 11:33 pm

Greetings.

On behalf of the Reviewers group I would like to invite you to have your E-Book officially reviewed.

To get your E-Book reviewed, please complete the following form.

Code E-book Name:

Thread Link:

Download Link:

Password:

Reviewers required: 2

Additional Information:

You will then need to send the completed form to one of the following leaders

NOTE: Only send to one leader.

Official Review Leaders:

[phire nuk3r](#)

[Skill](#)

[Techno](#)

Please make sure to check that the download link is working before sending your review form to a leader.

Once your E-Book has been issued to the official reviewers, they will post in your thread:

"Pending review by the official Review Team. This post will be updated with a full review within 48 hours."

You should expect to receive the above post in your thread, within 48 hours of submitting your form to a leader.

If you have not received your review within 48 hours of the reviewer posting the above code, please feel free to contact the leader you originally PM'd.

I would like to take this opportunity to remind you of the E-Book forum rules as stated [HERE](#)

No begging for review copies.

All reviews must be done by Official HF Reviewer Team.

Read the sticky for sales thread and follow the given template.

No ebooks containing phishing tutorials, credit card fraud, paypal fraud or copyrighted material.

We forbid the sale of any MLM, HYIP or pyramid scheme type ebooks.

I would also like to encourage you to report any user requesting a review copy of your E-Book.

To do this, use the  button located to the bottom left of the users post, and report as "Marketplace Violation"

~Honest

Thanks, PMed both for review.

Oak - February 10, 2011, 3:13 pm

This is my 5th Review!

My Review:

Author: [Toxic-Wasteland](#)

Title: [How to get lots of vics!](#)

Pages: 4 w/ page breaks (6 total)

Price: \$5

Rating for Quality of Information: ?????

Reason: Toxic expects you to know how to do a lot of the set-up. While he does provide links to places where you can learn the set-up methods, the links aren't to any particular thread or place, just Hack Forums and Google. His method does look like it will work, but it may take some upkeep to continue to get slaves. (Some coding knowledge may be required)

Rating for Ease-of-Use: ?????

Reason:

-The eBook: The eBook is easily readable, but can sometimes get confusing with all the changes of subject.

---Broken Down Rating for EoU eBook: 3/5

-The Method: The method while it would be quite easy to use, can be hard to set up and keep up.

---Broken Down Rating for EoU method: 2/5

Rating for Layout: ?????

Reason: The layout was fairly good, I like how there was a Table of Contents holding 'Chapter 1: Introduction' 'Chapter 2: What you will need' and 'Chapter 3: The Fun Starts' he kept everything quite organized. Each page also held a copyright, so leakers beware!

Rating for Grammar: ?????

Reason: There were a couple of grammar errors throughout the eBook, mostly CAPS, and misspelt words (eg. explanation not explanation) other than that Toxic had legible punctuation, and sentence fluency.

Rating for Originality: ?????

Reason: This is not a very original eBook as I'm sure the method is widely used, but if you aren't privy to the method, it is a good way to spread.

Notes: In his copyrights at the bottom of each page he notes that he would be able to place a court date, I find a couple of problems with this as the eBook is only \$5, and the content of the eBook is

illegal, he would probably get in more trouble if he were to take it to court.

EoU=Ease of Use

Overall Rating: 3/5

In other words... it might be worth \$5

Thanks :3

-Sir

Rhythm - February 10, 2011, 4:24 pm

Author: [Toxic-Wasteland](#)

Title: [\[E-BOOK\]A way to get LOTS OF vics!\[E-BOOK\]](#)

Pages: 6 (4 of actual information)

Price: \$5

Reviewer: [Rhythm](#)

Overall Rating: 2.5/5

Review:

Quality of Information Rating: 3/5

The method provided in the eBook definitely works. It's a pretty solid way of getting victims, but it's more directed towards stealing Runescape accounts. People have used this method in the past, and it proves effective again and again. This would've been a 3.5/5 but the author didn't include enough info. For the price, he should've included resources, instead of just a brief set of instructions. This receives a 3/5 solely for the effectiveness of the method, more information should be included.

==

Ease of Use Rating: 2.5/5

You'll need to dedicate some time to this. It involves a little time investment (as every spreading method would), but this may take more time than usually expected. A background in Runescape is HIGHLY recommended, and will make everything much easier. Since the author neglected to include resources, and merely included instructions to finding some, it will require that much more of a time investment.

==

Layout Rating: 3.5/5

The layout of this ebook was pretty nice as far as ebooks go. If it weren't for the massive white spaces in between information, it would've been a 4. There were headings, and I actually had no problem reading right through it. It's extremely important to note that there is only 4 pages of real information, there are 2 literally blank pages in the ebook.

==

Grammar Rating: 3/5

Grammar was fairly average. There were the occasional mistakes, run-on sentences, etc. There was nothing that really affected readability however, so this receives a 3/5.

==

[IMG]<http://ploader.net/files/80892f0888e82fea4839a9c75a00e624.png>[/IMG]

Originality Rating: 2/5

This method is not too original. I've seen it before (a few times) and many who are active in the RS scene are aware of this method.

==

[img]<http://upit.cc/images/99eae7f1.png>[/img]

Notes/Final Thoughts:

Overall, if you're looking for a way to get a pretty solid amount of RS playing victims, this may not be the book for you. The method is good, but it lacks information and in-depth detail. If the author re-released the ebook with resources and step by step instructions it would be great, but for now it is very lacking. This ebook contains solely the method, which really is only half of the battle. For now, I do NOT give this ebook my seal of approval.
