I had to go to sleep, so I quickly finished this, enjoy, I'm going to bed.

Yeah second section text is a bit choppy, too tired to change it. Feel free to do so yourself.

Want to download this? Post a damn reply, and let me know you gave me enough attention :(.

Looks good, although the font used right after the header don't really go with the theme, you should use a more modern font.

"I had to go to sleep" Is not an excuse for sloppy work.

5/10 for efford
