Thread: Got Scammed, Karambit Fade Factory New 60/40 $435 SCAM uid=1296484

BigTDog - *March 16, 2015, 9:57 pm*

This user https://hackforums.net/member.php?action=profile&uid=1296484 his UID uid=1296484, scammed me of $435, He said he will send the BTC after I give him the knife which I thought was understandable because of his rep and his awards he had been given.... I thought wrong, he then blocked me on Steam, Here are the pictures below, I even confirmed it was him on steam by making him send me a message through HF which I will show you in the pictures.

- Him sending the MSG on HF
- Him confirming this MSG

https://i.imgur.com/oVI56Gs.png - The trade has gone through.

He then ignored me for 30 min then blocked me.

If you could spread the word of this user and warn members of him scamming that would be great, thank you.

Regards,

Dog.

This needs to be corrected immediately, I can't believe this is an ongoing thing, should be done and dealt with at least on the forums side of things aka ip ban and acc ban etc

I appreciate everyone trying to help me out, I just want to thank everyone! This is a good lesson to be learned... but a painful one also. I hope he never ever scams another person EVER again. He is a coward and a scum, I believe in karma so... he will get whats coming to him. What goes around comes around.

Should have used a Middleman service for such a huge price of something that you're going to trade. I hope you get it back.

I'd be so mad if I were you. Sorry for your loss.
