ComX - February 14, 2011, 12:18 pm

Such a noob. Dont upload to 4shared they delete... Go for mediafire with password which is crypt. it will stay fud for long time..

~PuRePoWeR~ - February 14, 2011, 12:21 pm

Problem: I'll let you know if this changes, but I keep getting the same logs over and over again from the same guy. Idk what the problem is.... It'll send same logs a few times then switch them.

ComX - February 14, 2011, 12:50 pm

~PuRePoWeR~ - February 14, 2011, 5:51 pm

@Gunzee; It keeps sending me the same logs from the same people. I have the timer set for 30 mins and every 30 mins itll send me logs from an hour or so ago that I allready have... Or sometimes when the 30 minutes comes up to send it sends the same one twice within like a minute of each send. Just letting you know!

X Michael - February 14, 2011, 6:52 pm
