Thread: Job Interview - I got the Job!

Walt Disney™ - *August 31, 2015, 6:47 pm*
Yeah that's right. Bragging rights. Let's see some of you guys get jobs. Begging for your $1's.

Seasonal Halloween store job :) Hopefully it's fun. I love Halloween!

Getting ready for my interview. Anyone have any tips?

EDIT: Girl who interviewed me was a girl I graduated with LOL. Super fucking easy. I basically have to do the cash register, and watch minors who are also working. I can wear costumes on friday. What the fuck should I get?

Edit: I got the job!!! So excited!

nice to see a thread that isn't some random claiming to make 1k a day ewhoring or via their top kek private 1337 methods.

Good on you OP, hope you get the job you seem excited for you. Best of luck :)

Dress to impress and make your you call them, don't wait for them to call you. It's cheap but it works.
Sources: I have had probably more jobs than you.
