Thread: [\[L33t\] Helping in anyway i can! \[Ub3r\]](#)

???z - February 16, 2011, 12:04 pm

Anything i can do, i will do ?

Services i can offer: (maybe more depends what you want)

- Hacking xbox live accounts e-book
- Clicking your links
- Youtube views/subs/likes (i have no bot but i have a few accs i can sign in too, and F5 the crap out of your vids)
- Help with some DDoS program setups
- Xbox live mods (Gamerscore, GOW2 rank 100, Halo wars general, any other basic mods)
- May have a few hotmail accounts left
- Let you advertise in my signature (depending on what it is. I'm active quite often so would work out well)

Thats all i can think of from the top of my head, if you want something else, let me know and i will try my best.

All my services are free.

Just trying to help out the community :)
