Thread: Any Amazon.com Item ~ $420 for 65% BTC

Negus0 - *January 14, 2016, 8:23 am*
I have $420 amazon gift card balance. I can buy any item that is up to $420 for 65% BTC.

https://gyazo.com/690d8df0e101d0f926b4d223df3fbf57

I am hoping to spend close to the entire balance in one order so I don't have to split it up.

I will go first to those who are trusted. Middleman accepted.

nope, you can't buy giftcards with your agc balance

Negus0 - *January 14, 2016, 1:23 pm*
I'm not going to release my method. I can get it transferred to a fresh account but it takes a bit of time - I'de prefer to just buy an item. I was just PM'd a site where I can do so, so if no one is interested in this service I'll go there.

Don't call me a scammer because I don't want to comply with questions surrounding my method lol..

I'll do it with escrow (releasing btc on arrival item). Can you send to Europe?

Are you also able to add some balance? I would like to buy the samsung s6 galaxy edge +. I've been wanting to do so with btc from Amazon for a while.

Well I guess it's still possible OP has the credit on a European Amazon site. But I doubt it.

AGC is transferable but you need to SE Amazon

xf0xalz - *January 14, 2016, 4:00 pm*
To transfer amazon balance you just need to contact amazon trough live chat . I made it 2 times , and it worked 2 times . If the employer says " Is not possible" just close the chat and start a new one .

Negus0 - *January 14, 2016, 6:36 pm*
HOW IS THIS A SCAM WHEN IM WILLING TO USE A MIDDLEMAN? USING ALL THE BALANCE AT ONCE ELIMINATES ME FROM HAVING TO FIND YET ANOTHER FUCKING BUYER AFTER. USE YOUR HEAD.

In regards to adding balance, I can purchase more AGC to add but you'd have to pay for that extra.

st0nedpr0grammer - *January 14, 2016, 7:20 pm*
Negus0, would you be able to buy the items on one's Amazon wish list?

If yes, I'm willing to also buy all of this from you.

MM or you go first, of course.

Obviously he doesnt want to transfer the balance so he can SE amazon and get a refund for whatever he sold you.

I am allowing the person to order any item from Amazon.com - it doesn't have to be sold or fulfilled by them. I stated this.

Why are all these plebs who lack knowledge on amazon claiming they know more than I because I'm new to hf, have low post count, and low rep?

Go away

As of right now I'm setting up a deal with Grim as MM and St0ned is buying.

~Tom~ - *January 14, 2016, 8:10 pm*
I'll use them op if this deal fails.

Just google it lol. I THINK this is how it works. Someone gifts you an ebook and they get an email from Amazon that pretty much just adds the money to their balance

lol..
Transferring money takes like 3 minutes... Click "buy kindle book as a gift", and send it to the buyers email. They buyer doesn't redeem the book and follows the steps it gives him to turn it into a gift card.

? Sketchy.

You see the photo of his balance? User since 2016 , probably he buy giftcard with bht method and put not on his acc. Ez

Negus0 - *January 15, 2016, 11:32 am*
I've already completed the trade.. guys please stop harassing me. You guys act very childish. If I was refunding, the buyer wouldn't be able to purchase ANY item from amazon - whether it is sold/fulfilled by them or not.
