im having trouble finding anime's. after watching 300+ series of anime's i feel like anime became boring. new anime's today is boring. for example
Musaigen no Phantom World - this anime is boring a.f the anime is all about BOOBS, BOOBS, and BOOBS...
Hai to Gensou no Grimgar - another boring anime. -.-
GATE S2 - not bad, this is a good anime.
Boku dake ga Inai Machi - the best anime i've ever seen in my whole life!!!
please comment the best anime that you've watched ? i will add it on a list then watch all of it, (even if the anime is old, or from 2013's something, pls add it ?)

I'd give World Trigger a go if you haven't seen it already, it's seriously under rated in my opinion.

Have you seen Divine Gate yet? It's a new series, and there's only 4 episodes out but it's interesting so far.

If you've seen 300+ anime then you've probably seen everything that people will recommend here, and it doesn't help that you didn't link a list of what you've already seen on the off chance there is something to recommend that isn't on there.
For that, I'm not even gonna bother trying.

Sports Anime:
Kuroko No Basket (Finished Airing)

Haikyuu (Season 2 Airing)

Baby Steps (Finished Airing)

Even though I'm not into sports, these sport anime were awesome to watch.

Anything Supernatural (including shonen/seinen, magic, etc)
Charlotte

One Punch Man

Nanatsu No Taizai

Magi

No Game No Life

Parasyte

Mahouka Koukou no Rettousei

Overlord

You've probably seen the majority of these but whatever! Hopefully I suggested you at least one new anime.
