Thread: [Where to buy CS:S hacks or COD hacks?](#)

Spreads Like Herpes - February 19, 2011, 12:25 pm

I am looking to buy aimbots and wallhacks. Where can I buy those?

If you are looking into just making people rage then get enhancedaim, if you are wanting to go hvh (hacker vs hacker) I would do royal hack or rev0lt. Personally I wouldn't do ea, due to the fact a lot of private hacks coded by r3n3g4de is a lot better. haha well hope you get one :)
