Im gonna be getting a JDB setup soon, imma have you do it!!

I just gotta get the RAT lol

Regulus - *November 12, 2013, 10:53 am*

I would love him to do this for me but the user haven't been online since 2011 so i don't think he'll be able to do it. Damn... This is exactly what i needed as i'm new into JDB and i understand it's easier to infect others with this.

Thanks anyways. Take care!
