He isn't telling anyone to not deal with you. He is telling users to deal with caution. Big difference.

Also you think your rep means anything? We all know you done all these mini exchanges to hide your negative reps, you are very dumb.

I'm just warning the community that they should be cautious when dealing with you.
That deal dispute will always remain open I will never pay it back.

I will never disclose what it was I sold 3 copies and the other 2 members were happy.

He made that all up it is a fake scam report.

Anyway you just believe his bullshit you are a baffoon you know that dont you.

That deal dispute is open against you because you was selling a greyhat method, yet when the member purchased the method it turned out to be straight up fraud, therefor wants a refund?

Please can you stop lying to people. The fact you spent these last few weeks doing mini exchanges to hide your previous negative reputations proves how much of a loser you are.
Maybe if you stop telling repulsive little lies members might actually start believing you. So far you have proven yourself to be an overgrown child loser who cries when someone calls you out on your bullshit, the fact Omni put you on his ignore list kind of proves that you pathetic individual.

I cant be bothered answering you anymore you are a delusional fool.

> God saved him

Sorry to say but judging from your first day on HF, you seem like a 50 year old guy with a permanent brain fog trying to make 18-25 y/o friends and it ain't working out for a few reasons:

-You are arrogant and always self contradicting.

-You are wasting your life on gambling on some guys gambling idea instead of being productive.

-You're rep represents nothing, it had caused you many phsycological problems along with being self centered.

Your head needs to heal, get some HTP and omegas/multi vitamins and melatonin for sleep.

You replaced your drug and drinking addiction with a gambling addiction thus you are not clean.
As I said you are physcologically not stable.

Look into meditation and yoga to reach perfection.
