Information

Indexing process is completely automated.

We do not host any of the songs displayed on this site, we only link to them.

You Play / Download MP3 files from another server/host service, not from our server.

Our Script is similar to Google. Google might sometimes link directly to a mp3 file - we do not.

New Source's Means More Available Music

imakejokes - February 26, 2011, 6:11 am

you bought the script or did you download if you downloaded wouldnt you get caught?

Hook3r - February 26, 2011, 6:16 am

No bad - i could use it :DDD

Markdapimp - March 11, 2011, 7:08 pm

Bump To the Top Service still working!!

added 4 new sources!!

Some of the music is actually Higher quality then Vevo on youtube

XZQtr - March 12, 2011, 5:04 am

Gfx are cool and neat... looks nice Great site...

Markdapimp - March 20, 2011, 11:45 pm

New design on site hope u guys like it

Mongrel - March 20, 2011, 11:54 pm

Prepare to be DMCA'ed, joking.

Improve the GUI more.. The album background is very presentable.

DMAC is not gona cut it

we dont host the music nor the links we just search for it and provide the link like google

And yeh ill change it to black ;d

lihka - March 21, 2011, 9:26 pm

nice work on the x10media mp3 script

Sweat Heart - March 22, 2011, 10:15 am

Wow nice site dude, and its killer easy (finally don't have to download all my GFs music for her ;)

Markdapimp - April 2, 2011, 9:52 pm

Bump hope you guys like it still =]

Bboy Lee - June 13, 2011, 5:08 pm

Bump, is this site working for anybody else?

Markdapimp - June 13, 2011, 6:06 pm

(Jun 13, 2011 05:08 PM)Yes. Wrote: [\[CITE\]](#) Bump, is this site working for anybody else? its back online ^.^ i lost my theme though because of my host

BeezyB - June 15, 2011, 12:08 am

The current theme is ugly :(

Though I like the site. :)

Appropriate - June 15, 2011, 12:50 am

Haha I love the design of the site nice :D ill check it out
