Yes, uid=891000.

This person offered a domain for sale, after waiting his reply 1 week, sent me a PM:

Quote:Sorry for the late reply, I don't come on HF very often anymore, and I forgot I posted about hfl33t.com.

I'll sell it for $15 right now

I ask how he wanted the money be sent. After waiting several hours, he say:

Quote:Just got a reply from the original service owner, he's willing to buy it back. It's not that I don't trust you, he just has the user info from the previous service.

Good joke, Xenu. People like you make my experience worse here. ?

Doesn't seem like this should be a DD?

It seems you just got your time wasted OP.

Asset - *April 11, 2017, 5:59 am*
So, he didn't actually do anything apart from not selling it?

I think it's pretty crummy when a person laughs at the expense of others.

This isn't a deal dispute, please close the thread and leave hackforums thank you.

No ones laughing at you?

I think it was decent of OP to explain what had happened, Could have not responded to you.

Why Indian?

This is fucking pointless, you could have negged him for wasting your time but its not worth a thread..

Lor?d - *April 11, 2017, 7:19 am*
So he wasted your time and you think that's worthy of a DD?

Fine, fine. I'll rephrase my message. You're an idiot, and I found someone better to sell this to.

When I first told you I wasn't selling it to you, this was your reply:
Quote:No problem, thank you.

What changed?

Also, look at these hilarious replies I've received from this user. Oh, boy.

Quote:If you give me a quote you can't make this shit. Is not so easy. Nono
Quote:You got some nerve, this not end here.

You're essentially threatening me in those messages.
As a response, I'll just post it here: go ahead, do something to me.

He might get a better offer and cancel the deal with you. It's nothing but time wasting. Shouldn't be in this section tho.
