Lemme guess, you bought them for your sister? No? Well thats awkward...

Th? Jok3? ™ - February 27, 2011, 2:56 pm

Aha. You do realize that people who call other people gay, to make it worse on the INTERNET, are mostly homosexual themselves, right?

And fuck off, those are normal headphones.

ROCKST?R - February 27, 2011, 3:09 pm

Nice skullcandy headphones, just remember name brands aren't always the best.

Pluto - February 27, 2011, 5:25 pm

I don't like them personally, but whatever floats your boat!

H?????a X™ - February 27, 2011, 5:28 pm

I like the monkey on them. Lol, I wouldn't buy them personally, but if you like them, that is all that matters. Enjoy them. :)

?night - February 27, 2011, 5:33 pm

Since when are there "girls or boys headphones" ?

It's god damn headphones you kid, grow up!

-mothered- - March 5, 2011, 2:15 am

The main thing is, that you're happy with them. It doesn't matter what I think, you're using them, not me.

So on that note, congratz.
