# Forum:Hack Forums

Thread: How do you enable post notifications for if you are quoted?

**4425050403** - *November 24, 2017, 5:25 am*
Is it an upgrade ability? Because most of the time people quote my posts but I don't see any indication so I never see their reply.

It's not a feature on hack forums.

Would be nice if they implemented getting notified when you are quoted in posts would save a lot of time :D

**Lisaito** - *November 24, 2017, 2:16 pm*
I think Omni has too many broken things to fix already before implementing anything else.
