No one buy this method. It is public and already saturated.

He gave me a vouch copy and a simple search from the watermarked name in the PDF will bring you to this thread- https://hackforums.net/showthread.php?tid=5078749 which is the same exact method and same proof of earnings photos.

No problem. Can't believe this guy actually tried selling this garbage. By the way it isn't even autopilot and technically what you are doing is illegal, therefore its blackhat.

And just like that he closed the thread folks. Good things I took a screenshot :)
