Most methods on HF are bullshit. They claim to be original, yet they sell a single public method for $150 a copy. They promise an inordinate sum of money each day, just for them to be scammed. I can name people at the top of my head who are scammers in this section, promising everything when they themselves have nothing.

I'll take a vouch copy if possible, I have quite a bit of spare time on my hands.

If the vouch copy works decently I'll actually pay you for it afterwards too.

duepi - *June 24, 2018, 4:02 am*
I request a vouch copy if it is possible.
Edit
Recived a vouch copy

I will be sincere and direct.
I have nothing against op,
I will talk only about the product that he sent me via pm.

Gold univeristy is totally copied.

It does not present original content except the first 12 pages of fillers and meaningless sentences.

The other pages report contents copied from: http://money-university.pw

The user did not even have the desire to change the titles but was limited to a trivial copy and paste.

I want to clarify that the site belongs to a member of HF to which I will report this information.

Of course I can provide any proof you want.

I'm not going into much detail because the site from which he copied is part of a product sold on the marketplace and I want to avoid spoilers.

DARPA - *June 24, 2018, 4:08 am*

Ok, I will try a vouch copy, this was a lot easier to sift through back when I had 1000++ rep. Now den th marketplace is even sketchier.

I'm on my phone as well. So if it's a 90000 page PDF with Internet Explorer links count me out.

JohnyCNAM - *June 24, 2018, 4:11 am*

Maybe I can try a vouch copy?
Will give you a very hones review and HQ.
If the method works I will even buy it from yoy again.

I've sent you a PM with it. It's not a 90,000 page PDF but it's certainly close to it ;)

Your review is wrong and false. Correct it.

These methods are only sold on Gold University.

He's lying because he didn't substantiate anything.

Gee... I wonder why duepi is sales trashing.

Oh! He sells a method.

No wonder.

Techius - *June 24, 2018, 5:51 am*

Send me the proof you have.

You haven't proved anything. You've made a bunch of claims without proof (sales trashing).

I would like to inform you all that OP has a history of copy and pasting. You can see my full dispute here https://hackforums.net/showthread.php?tid=5845528
For those lazy to see

Techius - *June 24, 2018, 5:53 am*
Be aware, that both duepi and Pronouncer sell money making methods and they're liars.

Pronouncer has a deal dispute open on him. https://hackforums.net/showthread.php?tid=5846049

If you want a valid vouch copy who doesn't mind exposing your ass hmu. Will do better than all the random vouching

Techius - *June 24, 2018, 5:54 am*
Sales trashing. These people are Terminal members posting to rpomote their own money making methods. This is flatout sales trashing.

No one said anything about their own product

Techius - *June 24, 2018, 5:56 am*
It's in your signature. Just posting here is advertising your product which is sales trashing. You should delete your posts.

That is not sales trashing in the slightest. The signature is universal. Now if you refund me my money that you scammed from me then maybe I'd remove it from your thread. Eitherway just a warning to you all. This kids products are nothing but copy and pasted.

No it’s not shut up

This thread is being spammed by groups with fake and negative reviews.

Why am I being quoted in a group lounge? It's because they're linking up and using it to send fake reviews.

That's probably not the full extent of it.

Alright I'll vouch for this. I've just been our for lunch so didn't have much time from earlier to check it out.

Pros:
-It's well structured: I can tell you've put a lot of time in to typing this.
-It's legitimate: From what I found, you didn't just copy and paste this from online somewhere.
-It will actually work: it does take dedication for sure, but I can see how this could actually make one a bit of profit.

Cons:
-I think you've got a bit too much of the get-motivated side of things in the top of the document.
-Although a lot of it is pretty new information to me, the eBay part is mostly well known already and quite a saturated method.

-Whilst being able to pretty much guarantee profit, it's a lengthy route to go and probably best for someone who can't work actual labor, which I see that this is mostly aimed toward.

Best of luck with the sales! I'll let you know how I go with using some of the methods.
