Biverr is a clone script of Fiverr. Originally priced at \$69, you can now get it free!

Check out the features here: biverr.com

Download this awesome package here: <http://www.filesonic.com/file/187048481/BHTBIV.rar>

Enjoy! ?

Is there any guide on how to change the prices, etc?

yagnesh_shenoy - April 14, 2011, 12:18 am

Thanks bro will try it now :D

Bump. Is this the same one as the one on ScriptMafia that you can't change gig prices on?

EDIT: Just installed it to demo. Don't bother with this script!!
