For anyone too lazy to look, all the contracts for exchanges are at a 1:1 ratio between $500-2000 paypal for BTC ???

Looking in to each account he's done those contracts w, you find even more accounts that "did" 1:1 rates for high amounts.

"raymond.zyen" and "moxley.kenaz" did a cancelled deal as well.

If I ever feel like I have too much free time, I'mma remember this guy... jesus.
