What is E-whoring?

E-whoring is were you will Create a method in selling your customer's content from your Pack, the two most popular methods are KIK or Snap chat although there are quite alot of different methods to e-whoring itself. it will involve you selling Pictures and videos to your customers for a X amount of money, Generating a health and steady income by reselling to them each time.

E-whoring is also Possible on other platforms such as || Twitter, Facebook, Instagram, Tumblr.

Ewhore Packs Explained
What is a e-whore Pack ?
it is a collection of Pictures & Videos of a girl combined into a folder there for creating a pack of

pictures and video of the girl that then can be used by yourself to sell on your method of choice.

Were do i find a Pack ?
with in this section you will find Threads of people giving away packs usually they require your to post on the thread or send them a private message to receive the download link to the pack itself, if you are looking for a pack with in the section i strongly suggest you check the User's profile to see when they were last online as some threads advertising free packs the Original poster may not be active anymore this will also stop old threads being bumped and it will stop other users commenting asking for the pack also. if you require a pack of a certain girl i suggest reaching out to users with in the section and include a picture of the girl so we can try locate the pack for you.

Be sure to show your thanks in the threads for getting the pack!

Traffic Methods Explained
What is Traffic ?
Traffic is the term used to explain how much people you are attracting towards your Snapchat/Kik account, Gaining traffic has always been the harder part of e-whoring as it is the source of buyers you will require a good source traffic if you wish to sell Successfully.

Traffic can come from many types of websites/app's most users within the section source and research there own methods so they do not have to compete with other Saturated sources, although for the new users to the section we do have some threads for general basic traffic sources most members here will be happy to supply you with a basic list of websites to start you off.

Traffic can come from many of different websites some people use general Add me types of websites & some people use social media profiles setup to advertise there girl, figuring out good sources is key to being successful in e-whoring.

Can i get traffic sources here ?
You will find some basic lists of websites to get you started off but most users will research there own Traffic sources themselves so do not be surprised if a user dose not want to share there method with you, using the Search bar on hack forums is a great way to locate these type of threads

Seeking General advice Explained
Are you Confused or have a question ?
Post a thread Clearly explaining the issue you are having so we can best help you include anything that is of relevance, although you will find most common issues can be solved alot quicker by using the search bar. if you do not find your issue there post a thread and someone will be happy to help you.
Threads not to post ?
Posting thread's begging or asking for Traffic is not a good idea as said before most people have sourced and came up with there own methods to gaining Traffic so they are unlikely to give there source away to you for free, also Threads Regarding Pay pal related issues is not advised and most

threads of this Nature end up removed because of there nature to possibly include Blackhat methods or suggested Blackhat idea's.

Section Rules Explained

Section Rules ?
Any Black hat Threads are not allowed it is against Forum policy this includes any conversions of VBA's/VCC's or methods on how to Get a Pay pal account unblocked/Working again. Also any posted threads including Adult Content/Underage Content are against forum Policy threads of this nature will be reported and will likely lead to a Ban of your hack forum's account all rules can be read here clearly laid out in the HELP tab on the top of the forum.

I Strongly suggest all new users to the section read over the rules especially the Rules and Etiquette & the Disallowed BlackHat Activity sections

Help Docs.

What to do with your Earnings Explained
What do i do with my Earnings ?Earnings you gain can either be used for your own personal use or be sold for BTC/Venmo/Cashapp via the Forums Currency Exchange section.There are alot users within the currency exchange section with threads up who buy Amazon Giftcards in exchange for BTC please read there % rates they offer, if you have another form of earnings to sell post or look within the section to get your required selling method.
