You've got 2 posts on this forum, no sales and you need someone to add some reputation to your sales thread or else you're not going to be trusted enough. I'm asking you if you need a vouch to become trusted, in return you offer me subs and I exchange for a vouch.

That's how vouches work. The more trusted a person is, the more authentic your vouches will be.

To get the first vouch, trusted vouch, you'll give it for free, it's to get more reputable.

I'm going to be paying for most of them, I let him know that 100 as a vouch is a lot. So I'll just buy em as a vouch.

I've been looking for subs honestly, so hopefully is this $60 works out well, it'll end up being a $250 return from Twitch.
