Thread: [how do you make it look like your in mutiple places?](#)

crash over ride - August 1, 2009, 11:53 am

dnt say this is stupid and dnt say my name is lame. buut all i want to know is how to make it look like the hack came from diffrent places in the world

Conspiracy - August 1, 2009, 11:55 am

www.renta10yearoldjapaneseboy.com

Dark Molecule - August 1, 2009, 12:08 pm

lol thats funny proxies...vpns...etc look it up and learn :]

Red - August 1, 2009, 12:14 pm

a proxy mate,

get one from china or tiawan or something.

Sxngono - August 1, 2009, 12:16 pm

Give the guy a break,probably got freaked out now that gary mckinnon is actually bout to be extradited(officially the greatest hacker of all time<---probably up for debate though coz good hackers actually don't get caught :D:D)

Tufylike - August 1, 2009, 12:55 pm

we have got a whole section of Proxies and Socks. Check over there
