Hey guys here's my first pack for you guys.

"Acquired" from an adult paysite for "models".

Tell me what you want in future (red-heads, lesbian, fake/real tits, amateur looking etc.) and I'll see what I can do.

Apparently a few of these pics (g-l) have marks on them from the origin but you don't have to use them, and if you want to then you can either:crop it yourself with Microsoft Office (yes you can crop all at the same time)

Keep pestering me to crop it (on this thread) and re-upload

Grow a pair...of apple trees (duh u perv)

Multiupload links have: #, megaupload, depositfiles, zshare, uploading.com.

I only get paid if you download from # or filefactory so would be nice if you could help me out.
