Thread: PS4 Game Recommendation

StickTalk - *August 9, 2019, 8:53 pm*
I'm looking for recommendations on PS4 games. Which do you think is the best game to play online? I'm getting kinda bored with what I have now..

It depends on which genre type you like like FPS, RPG, etc. Which genre are you interested in?

Call me boring but I would go with the COD games as usual.

I play a lot of FPS. I've been playing Rainbow Six Seige, and COD here lately.

personally, I'd only play horror, cod or playstation exclusives on console

- Detroit: Beyond Human
- The Uncharted Series
- The Last of Us/The Evil Within
- God of War

oh and, can't forget the Dead Space series

The only suggestions I have for FPS games and alike are if you want more of a minigame feel something you can play for a couple hours at a time is COD. Or if you're looking for a bigger time waste I'd honestly go with Battlefield their past 2 games (BF1 & BFV) both have a good playerbase and it's definitely not hard to get into. I personally would wait for COD:MW theres a lot of new game modes and such that has some battlefield elements that should make it a lot more interesting than COD:Bo4 or WWII

Battlefield 5 and Siege for shooters, I find RPGs much more enjoyable on console as well. The Metro series is fantastic for a good story/shooter. Absolutely loved God of War as well.

I'd suggest first and foremost, God of War - one of the best games I've ever played, period. Kept me engaged the entire way through.
I'd voice the same towards Red dead redemption 2, it even has online play for you, although the story is where the real beauty is.

Lastly, Monster hunter with a friend is the shit.

Edit: so that's where Clay Davis comes from... click

- Metal Gear Solid V: The Phantom Pain (Personal favorite)
- Apex Legends
- Fortnite
- Call of Duty
- Black Desert Online (Coming to PS4 August 22nd)
- Dead by Daylight
- Red Dead Redemption 2
- GTAV

I don't know about online games but God of War and KingdomHearts 3 is a must to have on PS4.

Also, for online, I would guess CoD or GTA V
