SSL protected login / client area and anti-brute force protection.
Your authorized IPs or any other sensitive information will not travel in plaintext over the internet.

We're using the high-grade encryption AES 256bits.

##

Which service is best for me? If you need several IPs from various countries daily for short time, Private Proxy Lists is you

best option. If you need fast stable proxies on the fly, then you should choose Private SOCKS 5 Proxy Service.

To get a 20% discount. Use coupon code: NIX20OFF. This coupon code is applicable to "Private Proxy Lists" service and is valid for one week.

##

PRIVATE PROXY LISTS \$30/mo [Private Proxy Lists](#)

##

We're able to provide very fast public proxies that are not listed in Google and are very unlikely to be listed on other proxy services.

- 1000+ working proxies every day! We provide decent database driven system. No emails from 90's.
- Our proxy lists are auto checked every 6 hours.
- Detailed proxy lists with option to search proxies by country, state, city, type, port, IP and speed without limits.

Search option preview:

Highly recommended. I was having an issue with the shared private proxy and Nix kindly helped out. It is an A plus support!

h3h3y9 - June 12, 2011, 9:55 pm

This is what I searched, I hope xD

When I buy your "Private Proxy List" Service, how much proxies do I have then?

I need L3 Proxies (Highly anonymous) in Bulk (over 1000)

Does your service provide this?
