To A New Level - March 21, 2011, 7:03 pm

That would seriously piss me off if I was the webmaster XD

Seeing how you defaced it and it looks like you want to to continue defacing it, why give them your contact information? Are you planning on helping them fix their security flaws?

Solowestside - March 21, 2011, 7:08 pm

You should probably take hackforums off of the site..that just gives people more of a reason to blacklist us

harris21 - March 21, 2011, 8:22 pm
