If no one else has got the last vouch copy may I have it? Always wanted to try something like this out and I know my group would be interested in it if it works well.

I received a copy of this a few days ago, I've tested it locally and all went smooth, In fact it was quite easy to setup although I'm not experienced in this field, it contains simple instructions which allows you to install everything up. Good luck with sales.

Hey! So does this login to the cracked spotify account (with family plan) and invite customers automatically or is there some manual work required?

Can I see a demo? Can it be repurposed for other sites?

I'm Stanley HF's helper bot. This OP (original poster) of this thread wants everyone to see this page and has elected to bump it to the top of the showthread listing. Since HF doesn't want a ton of LQP (Low Quality Posts) this is the best method of bumping your content. There is a small ?yte fee for each bump. Any OP can bump any of their threads on HF from the linked icon on the top of their first post.

If you haven't already read the first post of this thread we encourage you to do so.

Thanks,
Stanley
