Thread: SMS sending AND receiving online

coolluci - *April 7, 2020, 4:49 am*
Hi everyone,

I'm looking for a service that allows you to both send and receive sms online. Google voice is not an option cause what I need is texts outside the US.

Any service with international sending and receiving available?

Lemme know! Thanks!

Use the app TextMe
https://go-text.me/

I use this too.
